

# TUMMY TUCK INFORMATION PACKET

A Tummy Tuck, also known as an Abdominoplasty improves the appearance of the abdomen by repairing the muscles and removing loose, excess fat and skin. It can also remove some stretch marks in the lower abdomen. There are many reasons to consider this procedure, such as the accumulation of skin surrounding the mid-stomach area, having a weak abdominal core, massive weight loss and flabby abdomen, bad results from a previous surgery or the after effects of pregnancy. Dr. Zoran Potparic, M.D. has more than 30 years of experience, and has done around 1,600 tummy tuck procedures. Tummy Tuck (Abdominoplasty) can treat the following:

Cosmetic Consultations are complimentary at the office of Dr. Zoran Potparic, M.D. Candidates must have a positive outlook and realistic goals. When coming in for your consultation with Dr. Zoran Potparic, make sure to bring a photo ID, and questions you would like to discuss with the doctor and wish pics (photos of desired nose profiles through platforms such as Google or Pinterest).

The estimated cost of a Tummy Tuck at Dr. Zoran's office can range from \$5,500 to \$7,600. To get a definite cost of your nose procedure, Dr. Zoran must see you for a consultation. The exact fee depends on the length, complexity, and extensiveness of the procedure. In paying for the procedure, we have two options: patients can pay by card or we can help you with our easy payment plans.

There are three ways a Tummy Tuck can be performed:

- Full Abdominoplasty
- Mini-Abdominoplasty
- Extended or High Lateral Tension Abdominoplasty

Abdominoplasty is performed under twilight or general anesthesia. Dr. Zoran performs all surgeries in his AAAA certified surgical center. The surgery can take up to two to three hours, and the recovery time is between one to three weeks.

**Smoker's Warning:** In properly healing, patient's need to quit smoking 3 weeks before and 3 weeks after surgery.
